

## **Pharmaceutical Supply Chains II**

**ESTG, Politécnico de Portalegre, Portugal, 03-07 July-2017**

On behalf of the **COST Action “Medicines Shortages” (CA15105)**, ***European Medicines Shortages Research Network - addressing supply problems to patients***, a summer **Training School (TS)** addressing ***Pharmaceutical Supply Chains*** is organized by Instituto Politécnico de Portalegre (IPP) and Centro de Recursos Naturais e Ambiente (CERENA/IST), with the support of IBM Portugal and TAP Portugal. Teachers, researchers, MSc/PhD students, post-docs, and practitioners will meet at the College of Technology and Management (ESTG/IPP), Portalegre, Portugal, 03-07 of July-2017, to discuss “Medicines Shortages” topics.

The **TS** full course is strongly recommended, but attending either the inaugural seminar-day or only one of the technical sessions is possible too. Note that:

- Beyond the active participation in the technical sessions, the young researchers are also invited to present their work related to the subject either by **Poster** or in a special session for **oral presentations**.
- The expenses are supported on behalf of COST, namely, the **travel, accommodation, and subsistence expenses** are eligible for refund.

For additional information about **Speakers, Program, Venue, COST Refund**, please visit our *website* ([www.tinyurl.com/pharmSC](http://www.tinyurl.com/pharmSC)), and contact the *Local Organizer* ([jlmiranda@estgp.pt](mailto:jlmiranda@estgp.pt)) for other topics of interest.

**THANK YOU!**
