### ABOUT MELBOURNE

Melbourne is the capital of the Australian state of Victoria, and the second-most populous city in Australia. It is home of many of Australia's best-known landmarks, such as the Melbourne Cricket Ground, the National Gallery of Victoria and the World Heritage-listed Royal Exhibition Building. Noted for its cultural heritage, the city gave rise to Australian rules football, Australian impressionism and Australian cinema, and has more recently been recognised as a UNESCO City of Literature and a global centre for street art, live music and theatre. It hosts major annual international events, such as the Australian Grand Prix and the Australian Open, and also hosted the 1956 Summer Olympics. Melbourne consistently ranked as the world's most liveable city for much of the 2010s.
