

AAAI 2025 Summer Symposium

Context-Awareness in Cyber-Physical Systems

**Heriot-Watt University, Dubai, UAE
May 20 - May 22, 2025**

The symposium aims to bring together researchers, faculty, instructors, organizations, scientists, experts, students, and private sector representatives to share and discuss information and studies within both theoretical and practical frameworks. In addition to presentations, the symposium seeks to expand the attendees' professional networks. The symposium encourages submissions showcasing original and high-quality research contributions in areas including, but not limited to:

- ❖ Context Modeling and Representation
- ❖ Machine Learning for Context Recognition and Interpretation
- ❖ Context Reasoning Techniques
- ❖ Security and Privacy in Context-Aware CPS
- ❖ Human-Centric Context Awareness
- ❖ LLMs and Context-Aware Systems
- ❖ Applications of Context-Aware CPS

Important Dates

Submission due: March 31, 2025

Author notification: April 10, 2025

Registration due: April 14, 2025

Organizing Committee Members

Dr Radu-Casian Mihailescu, Heriot-Watt University
Dr Md Azher Uddin, Heriot-Watt University
Dr Young-Koo Lee, Kyung Hee University
Dr. Paul Davidsson, Malmö University,
Dr. Sascha Ossowski, King Juan Carlos University
Dr Aziz Nasridinov, Chungbuk National University
Dr Hanan Salam, New York University Abu Dhabi.
